BOYD NURSERY COMPANY • McMinnville, Tennessee

THREE GENERATIONS OF BOYDS

66 Years of Continuous Service to Our Customers, 1887-1953

J. H. H. BOYD
Grandfather of Boyd Bros.

F. C. BOYD
PRESIDENT
Father of Boyd Bros.

It is with great pleasure that we herewith present our catalog for season 1954. First of all, we want to extend greetings and best wishes for a prosperous year in 1954 and to thank each and every one of our customers for their patronage during the past and hope that we may have the pleasure of receiving your valued orders for the coming year.

Those who have known and bought from the "Boyd's" in the past, many for a long term of years, of course, need no introduction. To those unacquainted with us we are glad to give the following bit of information.

Back in the year 1887, J. H. H. Boyd, the founder of our business, father of F. C. Boyd and grandfather of the Boyd Brothers started gathering and selling tree seeds and soon after began gathering native trees and shrubs and growing them in the nursery. There were few schools at that time in the Cumberland mountains, and little opportunity to attend, so his education was the result of his own efforts. His intimate and life-long association with trees and plants, together with his interest and accurate and correct knowledge, made him a leader in the growing of nursery stock. He died in 1924.

F. C. Boyd, the father of Boyd Brothers, followed in the footsteps of J. H. H. Boyd, advising and training his sons for the years ahead.

In 1930 he purchased a farm just outside the city limits of McMinnville, where Boyd Nursery Company operated until 1948—due to the expansion of McMinnville it was decided to move the nursery five miles farther out, on Highway 55-A, and the old farm is being sub-divided into building lots. A larger farm of new land was purchased where the expansion program could go forward.

The excellent growing conditions and our increased acreage enable us to offer this season the finest and most complete assortment of nursery stock we have ever had.

In 1948 F. C. Boyd decided to turn the active operation over to his sons, who are trying their best to carry on the work that their father and grandfather have developed.

We have many customers over the country that have been sending us their orders from year to year, and we are proud of them, and trust we may add you to our growing list of pleased customers. Of course, our reputation depends on the class of plants we send out, and the service that we render.

All packing and shipping of orders is personally looked after by competent help; shipments are put up in the best possible manner, and stock is packed for long distance shipments.

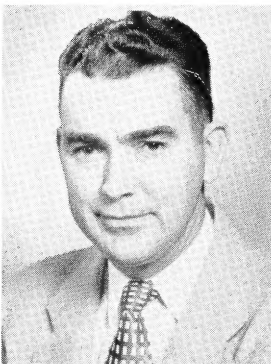

SHIPPING SEASON—We usually begin digging and shipping nursery stock October 10th and with slight interruptions during the bad weather we ship all winter up until May 1st.

To our old, new and prospective customers, the Boyd Nursery Company wishes you a very satisfactory and profitable nursery season.

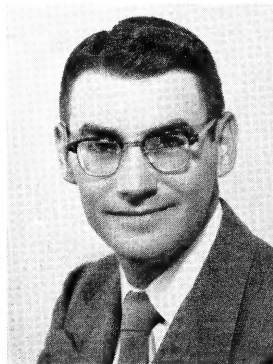

Cordially yours,

HENRY N. BOYD
MANAGER

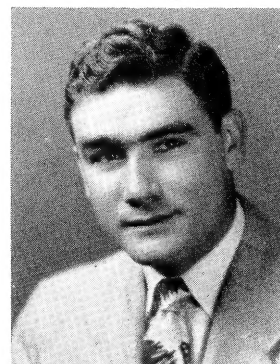

BOYD BROTHERS

CLADRASTIS LUTEA, Yellowwood

A small tree known for its beauty as an ornamental; flowers fragrant white pea-like shape in showy clusters.

	Per 10	Per 100
6 to 12 inch, s.	\$.50	\$4.00
12 to 18 inch, s.	1.00	7.50

BOYD NURSERY COMPANY, INC.

CHIONANTHUS VIRGINICA, White**Fringe Tree**

One of the most striking of native small trees. A low growing tree, with branches that form an oblong, narrow head. Leaves ovate, dark green, turning yellow early in autumn, flowers appear when leaves almost grown, white, in loose drooping panicles. Fruit blue, resembling a small plum. Flowers are very feathery and graceful.

	Per 10	Per 100

3 to 4 feet, br.	\$7.50	60.00	

BOYD NURSERY COMPANY, INC.

OXYDENDRON ARBOREUM, Sourwood

A handsome bushy tree. One of the most unusual and attractive small trees, belonging to the Rhododendron family. Long, slender, bright green, lustrous foliage turns to brilliant red very early in autumn. Leaves hold on late, too. Young branches are reddish brown and older bark is dark gray, furrowed. Flowers in July and August, creamy white, like Lily-of-the-Valley, in long drooping racemes at the end of every shoot.

A. Nice Block of American Sycamore—Photo Sept. 1st.

PLATANUS OCCIDENTALIS, Planetree, Sycamore, American

Also known as Buttonwood. A large and lofty tree with massive branches and picturesque white or gray bark. Rapid-growing, an excellent street and park tree, especially valuable for city planting because of their resistance to smoke and gases.

This block of sycamores are some of the nicest we have ever grown.

CARYOPTERIS, Blue Mist

This charming low growing shrub is a very real contribution to the meager list of summer and fall flowering shrubs. It is covered from August till autumn frost with numerous clusters of powdery blue fringed flowers. This shrub grows about 18 to 24 inches tall and is perfectly rounded, making a small mound about two feet in diameter. The foliage is lanceolate and slightly toothed and silvery green in color. A truly worth-while plant for the flower border as well as for in front of the shrubby border. Perfectly hardy.

	Per 10	Per 100
2 1/4 pots	\$2.50	\$20.00

CITRUS TRIFOLIATA, Hardy Orange

A very unusual and beautiful plant—dark glossy foliage. A nice ornamental shrub or small tree with green bark—flowers white—fruit golden yellow about the size of a walnut.

	Per 10	Per 100

Rosa Multiflora Thorny Rose

Millions planted annually by U. S. Soil Conservation Service, State Game Commissions, hunt clubs, and farmers all over the country. Makes excellent game cover and provides winter food for song and game birds.

Attractive plants grow 6 to 8 feet tall and nearly as wide. Sprays of white flowers with yellow stamens cover the plant in June. Excellent foliage holds well and in fall a liberal crop of red berries or "hips" is produced. Planted 1½ to 2 ft. apart as

an informal hedge for larger areas, assures privacy. May be clipped more formally to isolate smaller areas.

Recommended by U. S. Dept. of Agriculture and State extension services. Many farmers are using as permanent fences at one-third the cost of woven wire. So bushy and thorny it furnishes a stock-tight, human-tight fence which beautifies the surroundings and tends to keep down weeds. A good snow barrier, windbreak and soil erosion control, too. Does not rob the soil beyond its own branch spread. Plant 1 foot apart for fence; 3 to 5 ft. apart for game cover and naturalizing.

ROSA MULTIFLORA JAPONICA,

Thorny Rose

"The Living Fence Rose"—Ours are nice, well developed field grown plants.

3 yr. No. 1	1.50	10.00	

LONICERA, Honeysuckle Goldflame

Immense, showy clusters of trumpet-shaped buds and fragrant blooms. The outside of the petals is brilliant flame-pink, the inside a creamy golden yellow. Dark glossy foliage adds to its charm. The

plants can be sheared to form a hedge or allowed to grow naturally as a vine or shrub. Bloom freely from early spring until heavy frost.

	Per 10	Per 100
1 year Fldg. grown	\$2.50	\$20.00

LONICERA SEMPERVIRENS, Scarlet Trumpet Honeysuckle

Coral-red blooms of large size and beautiful blue-gray-green foliage. A worth-while novelty which is particularly well adapted where a not too large space must be covered. The most brilliantly colored of all the Honeysuckles. Hardy anywhere and blooms from spring till frost.

	Per 10	Per 100	Per 1000
Small L.O. div.	\$.40	\$ 2.50	\$20.00

2 year No. 2	3.00	25.00

Terms and Conditions

We offer usual terms to those of known responsibility. Where purchaser's credit responsibility is unknown to us cash is required before shipment or reference with time for proper investigation. Orders to be sent C. O. D. should be accompanied with one-fourth cash.

2% discount and free boxing and packing allowed where cash accompanies order. No charge for packing carload orders in bulk. Net 30 days from date of invoice.

Price—All prices here are f. o. b. our nursery, packing at cost. Packing free if cash accompanies order. We will accept orders 25 of a variety at 100 rate; 250 of a variety at 1000 rate. The prices published in this list are subject to change without notice, and are made for immediate acceptance. They may be increased to cover any taxes upon sales. Bales and boxes charged at actual cost.

Consignment—No stock will be sold directly or indirectly on consignment.

Shipping—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express, freight or truck.

Inspection—A Certificate of Inspection accompanies each shipment.

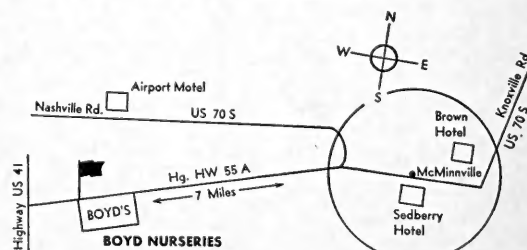

Guaranty—We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All stock is sold subject to crop losses through unavoidable causes.

Claims—All claims must be made immediately after receipt of stock. While we use every means at our command to secure prompt delivery we are not liable for delays in transit; our responsibility ends upon delivery in good order to transportation company. We shall be glad, however, to render all aid we can to remedy a loss.

References—Any bank or business house in McMinnville. The Commercial Agencies or any of the leading nurserymen in the United States.

WE ARE NOT IN THE JAPANESE BEETLE ZONE.

Truck Service—We are able to offer delivery in private trucks within a radius of 600 miles. Charges average about the same as railroad rates with the elimination of packing charges and delivery to your door. Write for further information.
